

# USTA Union Square Dispensary

The Travel Agency is a new dispensary brand with their first location at Union Square. EP has provided MEP engineering services to help open their first location and continues to design for their multiple new locations within NYC. With a sleek interior design and an active, educated workforce on the floors, The Travel Agency provides an elevated quality of service which sets it apart from the competition. The designs provided by EP are carefully coordinated with Leong Leong Architects with each site's unique features in mind to ensure the high-end aesthetic is maintained while meeting the demands of The Travel Agency's heavy foot traffic.

## LOCATION

587 7th Ave  
New York, NY

## BUILDING SIZE

5,000 SF

## ACHIEVEMENTS

- The lighting design and controls were crucial to the operation of the space to maintain the aesthetic appeal of the store
- The mechanical system was distributed around tight ceiling conditions with hidden return and supply terminations
